“ I have many wonderful memories of my cousin, Mary. It was always so fun for the Tillers and Dischingers to get together. So many kids; so much food! I was in age, between Carol and Mary, so we hung out and went for walks, laughed and talked. As an adult, I moved away from the Twin Cities and since then have only seen Mary occasionally, always a trip down memory lane. I have fond memories of Mary and the family from my childhood.

I am not able to attend today, but want to extend condolences to the family at this sad time. May you be comforted by your memories and the support of family and friends and may God's love and peace console you today and in the days ahead.
