An Uncle whose name I proudly bear. One of the kindest, compassionate souls I have privilege to have known. Fun to be with and could talk about almost anything. Learned from him what family and friends are about. He showed in the way he lived how to work one's way up honestly in life from wherever fate had placed us. Will be terribly be missed by many left behind. He is with Aunt Lakshmi and my dad now. A life well lived. Until we meet again, Chitthappa!

“ Kanan Uncle was always such a good listener and a great friend to our father. He was my favorite of the “college” guys who all stayed in touch after they moved to the US.

He will be warmly remembered always. May he go gently into the warm night.

“ *My heartfelt condolences to Monisha and Family. Miss you Shankaran Mama. Feeling lucky to have met you in person even if it was only for very few times during your vacation to India. Thank you for all the lovely conversations. It was always so much fun and thought provoking. I have always admired you as a person. Watching you have wondered on how come a man can be so giving in nature. Your love for your grandchildren, craze on travelling and photography, interest on cooking, your subject knowledge etc have always struck me in awe... Will always remain your fan... You always make me remember AGE IS JUST A NUMBER... Miss you badly and your cheerful smile... Pls bless us wherever you are. Pranams from me, Vishnu and Appu.*

“ It's very hard to believe that Kannan mama is no more. He has touched so many lives with his wisdom and the most humble person we have come across. He could talk almost on any subject and was very friendly to talk to. He was like a father figure to me and his death has created a big void in our lives. We have thoroughly enjoyed his visits to our place in Bangalore and will cherish those memories forever. He will be terribly missed by our family, we pray for his soul to rest in peace - Prema, Satish, Samprada and Amma (Bhavani Venkat)
Monisha, Justin, Accept our deepest condolences and sympathy for your loss. Wishing you peace during this difficult time.

“ I really find it difficult to believe that Shankarmama is no more. One of the sweetest and kindest uncle's of mine. I will immensely miss our weekly discussions in a variety of topics. I am indeed grateful for all those interesting conversations that I had with him. My kids could also relate to him so well.
Quite rare to see people like him who are so selfless and always ready to extend a helping hand. I am sure he is in a happy space wherever he is, watching over all of us. His happy smile with those sparkling eyes and his amazing nature are all imprinted in my mind for ever. Thank you for a lifetime of memories shankarmama

“ It so saddening to hear that our Kannan uncle is no more. He was our most favourite uncle and such a gem of a person. We were waiting for him to come to India this year after getting all well. Its a great loss for all of us.

Kannan uncle was such a wonderful person with a pleasant smile always on his face. He had information on every topic on earth. He was also an outstanding human who will live in our hearts and memories forever.

“ Dr. MS Kannan and me were class mates in Madras Veterinary College. He has been a mentor with wisdom during my undergraduate college days and later in my scientific professional life in Canada and USA. He was a guiding post for my coming to Canada as a post doctoral fellow. I owe a lot to him for his guidance and timely words of wisdom during my post doctoral fellow days at McMaster University, Canada. He and his family members in India and in Canada were integral part of my personal and professional life as well as my families. I had ongoing conversations and consultations with him regarding scientific and professional life especially during the 2 years preceding his last day. His untimely passing away is not only my personal irredeemable loss but also to the thoracic immunology scientific community to whom he made invaluable contributions and left a lasting legacy. I miss him so dearly. My families join me to offer our heart felt condolences to his immediate and extended families. We pray for his families to be given strength to bear the loss. May Dr. M.S. Kannan's soul rest in peace.

“ Deeply saddened to hear about Dr. Kannan's Demise. Dr. Kannan had been my Post Doctoral Mentor and the three years I had spent in his laboratory @ Univ of Minnesota had been the best and most productive period in my career.
