“ *Abbott Northwestern is where I made lifelong friends with Meda and her husband Dave with family. I had the pleasure of traveling to England in the 90's with Meda and Dave along with another Abbott Alumni, Pamela Knight and Rick. Oh, the adventures we had there! Meda's motherly kindness and generosity will always be treasured. Walt and I will miss her so much -- and we send our love, prayers and condolences to the Schumann family.*

PK

We will never forget the warmth, friendship and help that both Meda and Dave extended to us, and how much that meant to us as new settlers in the US. Meda was a truly exceptional woman – loving, supportive and caring – and we will all miss her. We'll remember all the fun backyard barbecues we had on summer evenings, and the weekend trips we took together.

I remember during the first winter I worked with Meda at Abbott Northwestern Hospital, I would take two buses to work. Meda was so concerned that I would freeze to death, not being used to Minnesota winters, that she would insist in picking me up in her Buick, and we would slip and slide our way through the snow drifts to work.
