“ I've already sent this via another medium but I wanted to avoid its getting lost. Mike and I were hockey teammates at Blake School in 1960-61. I was a goalie and he was one of "my" defensemen--and a good one. That's a special relationship. Years later I was General Counsel of Holiday Corporation and found that Mike and his law partners were the cutting edge experts on an esoteric benefits plan we were putting together...a pleasant surprise given Mike's easy going approach to academic work at Blake!...I also recall a lunch with Mike and his partner Jack Morrison at which Mike displayed a wicked sense of humor...Mike may your memory be eternal! And I look forward to seeing y'all in Lane 4 at 10:30 ----sharp!!!

“ Mike Goldner contributed immeasurably to my life and career as a lawyer. As my first teacher and mentor in the practice of law, he was tough, kind, patient, generous, affectionate and encouraging when those things were required. For years, I have cited the "Goldner rule" ("don't write what you don't know") to young lawyers I was training. He was always good to me, and I will miss his presence in the world. My love and condolences to Barbara, his kids, and his lovely sister Linda.
