“ I am so very sorry for your loss. I didn't know Mike very well, but have lived in the house directly behind him for the last 26 years. I remember seeing him grilling on his deck, mowing his lawn, and watching his girls and their friends on the large trampoline that was in their back yard. I got to know Mike a little more, when my kids were very little and playing in our own back yard, and neighborhood kids started riding their bikes (going very fast) through the yards. One time, when my youngest was just a toddler, one of the bikers nearly ran him over while riding through our back yard. I yelled for him to watch out for my little one, to which he just laughed at me and kept going....until he got to Mike's yard. Mike happened to be outside and saw what had happened, and he stopped the bike rider in his tracks! He read him the riot act, made him apologize, and told him to WALK his bike through the yards and be more careful from that moment forward! I was very thankful for the backup, and comforted by the presence of a caring neighbor. It wasn't long after that, Mike came over and said he was going to build a fence between the yards, so that people wouldn't continue using our yards as a throughway anymore. My kids watched with great interest, as Mike worked for several days building a beautiful wooden fence to protect both of our yards. That fence has been a Godsend for years now, and we are grateful for it every day! I hope he knew how much we appreciated it, and him. The small light in the living room window was always such a comfort to me....knowing his presence was always there. How ironic that seeing that same light, with the blinds open all through the night, would be a worrisome sign that something was not right. My thoughts and prayers are with his girls, and all his family and friends during this difficult time. May you all find peace and comfort in the wonderful memories you share. My heartfelt sympathies for you all, Dina Eiken

Thank you for your kind words Dina. He never shared the full story about why he wanted to put the fence up he just said he was tired of people cutting through the yards (and that's putting it nicely). I'm sure he will continue to watch over your children as he will us and his grandchildren. Kelly
