“ *Hanny has been one of my closest friends since 7th grade. We went to high school together, played football together. We worked at Gourmet Foods for 13 years together. We started a business along with Bruce Knowlan together. He helped me out more jams then I can count. That's the way he was always there for family and friends. I will miss him more then I care to think about. Love you Hanny*

“ *Mike was easily one of the kindest, most genuine people in the FBK Class of '71. I loved watching him play hockey. He worked hard and was a flawless skater. I was saddened to hear he was ill. I pray he's at peace and is whole again. May your memories of happier times bring you peace.*
