“ *Mr. Johnson was a very kind man and treated everyone with respect and kindness. I was his waitress a few times at North Oaks Golf Club a number of years ago and I remember how kind he always was to all of us. Most people who ate there didn't acknowledge the staff, but he always made the effort to know your name. He would even ask us questions about ourselves and would remember those things the next time he was there. I haven't seen him in over five years, but when I saw his picture I knew his name and remembered how nice it was to see him on our reservation list and hoping that I would have his table. He was a wonderful man and my sincere condolences to his family and many many friends. He will be missed.*
