“ I have the greatest memories of you grandpa.. It wasn't really the fact that you always went out of your way to make us happy, it was the smile you always had on your face after. I always wondered where my dad (Craig) and myself got our certain features, personality and drive... And of course, our tempers lol. The last time I had the honor to see you for the last time I noticed your hands were exactly the same as my dads, and mine the same as his. I wish we had more time together, especially so you could meet your new great grandson... We are naming him "Benjamin Michael squires", we found out we were having a boy the day after you went on your journey with the lord.. I always think about you and know your watching over all of us. May you continue to rest peacefully. I love you grandpa

“ Uncle Mickey, you will be missed. I always loved spending time with him, as a kid and as an adult! He was always loving life and had an infectious laugh! One of my last real conversations with him was actually over an hour on the phone shortly after Gramp's funeral. We talked about everything but mainly his faith, so I know he is in a better place and he is all healed!

I have many of the same memories as my brother, Steve, had about growing up with Uncle Mickey around...never a dull moment. He liked his cars and other toys. We were always boating, dirt biking, skiing...

Love, love, love my memories of Mike.

“ I'm so sorry to hear of my Uncle Mike's passing. I always enjoyed being around him when we visited. I was blessed to have spent an entire day with him in Chetek as he arranged for Gramp's funeral. Tory and I enjoyed that time very much we were able to catch up on so many things with him.

There are so many things I remember about "Mickey" as my dad sometimes called him. We loved to visit Mike and Helen. Play with both Gordon and Craig. Mike always had 'toys' around whether it was a boat, mini bikes, wind surfers, cars and the list goes on. He enjoyed living, there was no question about that. I also loved visiting Mike because they almost always had a german shepard or two around. He loved his dogs.

Uncle Mike you will be missed and I will always love you!

“ Hey Mike I love you with all my heart!!! Im glad I got to see you one more time. You are the best father in-law a girl could ask for. I remember all the good times when visiting you, boating, jet skiing, and the ride in your jaguar with our little talks.. I will miss you with all my heart, you were such a vibrant and outgoing person to be around, your smile stays in my memories as your laughter and the love that you shared with everyone. I am glad that you now get to be with your dad, mom and prince, I remember how much you loved him he was a beautiful dog and your love and loyalty showed when you were together. I have my most wonderful memories of you and I will miss you dearly, I love you so much and im glad you are now at peace and I bet you are smiling talking with your mom and dad and playing with prince. “ Brother Mike has been a big part of my life over these last 74 years. Both of us took time to be together where ever either of us was living around the states and the world. All of my family and myself were always happy to be able to share those moments with Mike and his family.

Mike was always doing something unique with the dedication to excel in all of them...dancing (from Indian in Scoutorama as a youth to all the others throughout his life)...Boats and Motors (Jet Skis, Hobie Cat, Bass Boat, Cigar Boat)...Cars and Engines (from Drag Racing to Corvette to Red Nissan Sports Car to Pontiac Solstice shows plus hundreds of others)...Wind Surfer par excellence...etc, etc, etc.

Mike was full of life in everything he did. I am proud to be his brother and to have shared many of those times with him,

I miss him and will remember him forever.

“ Mike - even though we haven't seen each other much over the years due to our locations I will always miss you. Your tenderness, your love of life, your honesty with everyone are all traits that I will remember forever about you. You are in a place now where you will know everyone and will be able to be your normal, fun-loving self. Every time I see anything about a car show I will think of you. Every time I see a windsurfer I will think of you. Whenever a salesman convinces me to buy something I will think of you and your skills. I love you and you will forever be in my heart. I look forward to the day when all of us brothers and dad and mom are together again. Rest now in your deserved peace.
