

## Michael Lee Stewart

September 22, 1977 - July 28, 2017

Goodbye by Tiana Stewart. Written for my husband Michael Stewart. 7-31-17. When we first met, I knew I could trust you. Few times in my life has something like that happened and continued to ring true through the course of time. We have been through so much painful and joyful times in our years together, and no words can express the sorrow i feel now that you have left me here alone. The years flew by and seems we didn't appreciate all the time and memories we made and shared together. I know we all look at these times and changes as sad and they make us heart broken and lost but you will always be in our hearts. Although you will be in my thoughts and prayers always each and every day I will miss u more then word can ever express. I love you and until I see you again good bye for now. Michael Stewart was survived by his loving wife Tiana Stewart daughters Danicka and Summer. Mother tanya gebhart. Father brian mercier. Sister Tina Mercier and nephew Izaha Mercier. And alot of friends who loved him and cared deeply about him. Gone but never forgotten.
