“ Sandy,  
*It was always wonderful to play maj at your house and see your mom sitting outside in the sun on nice days and always with a smile on her face like the photo you have displayed. You were such a wonderful daughter and caregiver for so many years and I know she appreciated everything you did for her. You helped her to live life to the fullest for ALL of her 98 years. Life will be so different for you without her but know that you have your friends to support you when you need us.*

*Sandy,*

*I joined your mother at Mt. Sinai in 1970- 21 years after she started what was to become a wonderful laboratory work environment! In those days, we had time to talk to co-workers next to us on the bench. We didn't have so many multi-function instruments- as they do today! We worked hard and still managed to share much of our lives with each other, forming dear and lasting friendships. I remember the many times you brought Minnie to our reunion lunches, when she could no longer drive herself. It was always nice to see her and share stories. Thank you for bringing her to see us!*

*I'm sorry that I didn't learn of the services until too late to attend. My prayers are with you. May you be filled with many wonderful memories of times spent with your Mother.*

*Warmly,*

*Jennifer Prasek*
