

Muriel "Nana" Ellyson

January 11, 2015

Ellyson, Muriel "Nana" Age 91 of Bloomington, MN. Born in Manchester, NH to Albert and Albina Dionne. She lived a life like no other, a true disciple of Jesus Christ. She married Milton Ellison and was happily wed for 64 years. They had 4 children and resided in Minneapolis since 1964. Muriel met Jesus Christ at the age of 40, it was then, she'd say, that she really began to live. Filled with the love of Christ, she lived the next 61 years sharing that love with all she knew and met. She was a faithful and loving wife, mother and Nana who was always there. If you had her as a friend you knew she was at your "beck and call". A giver in the true sense of the word. She knew that God would send a chariot for her when it was time, ready to continue her journey into eternity. She now has followed to glory her husband Milton and 3 of her 4 children, Russell, Sandy and Wesley, leaving behind for now her bossy daughter Marcia (husband Jack), and her one and only granddaughter Amazing Grace, 2 sisters; Dorothy and Madeline and brother Bertren. If you know this little lady then you have been blessed. "To live is Christ, and to die is gain", Philippians 1:21 rang true to her. The celebration is guaranteed to be grand at 11:00AM on Saturday January 17, 2015, Celebration Church, 16655 Kenyon Ave. Lakeville, MN 55044. Visitation 1 hour prior at church. Memorials are preferred to help Marcia Ellyson-Billman publish Muriel's book. Come join in the sharing of Muriel's life! www.Washburn-McReavy.com

“ I met Muriel and Milt at Jesus People Church back in the 1980s. I saw her again a couple of times at Celebration Church. She was always so kind, loving, excited about Jesus and all he was doing. She seemed to be in prayer constantly even while speaking with me or anyone else. She was always ready to pray with anyone too. There was so much joy in this little woman. She just kept on going. I'm glad she was on this earth and that I knew her. I hope many more people will come along and follow her example. Right now I could say I wish I could be half as faithful as her. She would probably begin a prayer in her heart and mind and then give me a scripture like, "Greater is he that is in you than he that is in the world." Actually, I just shared that scripture with a friend of mine last night on the phone as encouragement to her. I bet Muriel would smile at that. Muriel, I know everyone who loves you who have gone before you are rejoicing in seeing you now. I would love to be at the celebration Saturday but I will be snowmobiling in northern Wisconsin. I will rejoice and celebrate the life of Muriel and her journey home with all of you anyway.

Sincerely,
Jean E. (Peterson) Florek
