

Murray Joel Cooper

November 17, 1943 - December 9, 2022

Cooper, Murray Joel

born 11/17/1943 and passed on 12/09/2022. Survived by his wife Betty, son Jack (Brenda), daughter Tina, grandson Joshua, sister Ronnie Burstein and lifelong best friend Marsh Edelstein. Proud graduate of North High School. Murray was a loyal and dedicated executive with Honeywell for over 55 years having won numerous Top Performance awards and the Honeywell Advanced Technology Award of Excellence during his career. Murray's greatest achievements include his work with Israel in exploring promising technologies and products for joint development with Honeywell as well as working with NASA on the Apollo and Orion space projects. Murray was a kind and loving soul that would always be there when needed. He loved playing cards, going for long car rides and sharing an ice cream cone with our dog Sam. He loved having the family over on weekends and ordering a huge Famous Dave's dinner. Murray was a fighter that never gave up, he instilled that fight mentality into his kids and we wouldn't be who we are without him. He fought until he couldn't fight anymore. Murray lived life his way and went out the same way. They don't make them like him anymore. "We will take it from here dad". You will never be forgotten. Special thanks to Raquel and her staff at Amira Choice in Plymouth for taking care of our dad. Funeral service will be held at 1:30PM on Monday, December 12th at the United Hebrew Brotherhood Cemetery for friends and family of Murray only. Donations in Murray's honor to Mini Point Scout Camp or Pacer. Funeral arrangements by Adath Jeshurun Chevra

“ I worked with Murray for many years at Honeywell and had the absolute pleasure of playing poker with him and a regular group that would take a annual fall vacation in Lakeville, MN. Murray was always the lifeblood of the game and acted as a foil to energize the play into the late evenings. Going forward we will continue to remember Murray as a colleague, friend and gentleman in the game of life and will share stories about Murray idioms and play rounds in his honor. Rest in peace Murray.

DR

Murray and I worked at Honeywell. On 9/11, we were flying to Washington DC but never got there - we were diverted to Detroit where the airport TVs revealed why. Thanks to Kelly who got us a rental car, 18 hours later we got back home. Murray was a skilled Marketing pro and had more determination than anyone I've known. RIP Murray.

“ *My condolences to Betty, Jack, and Tina. I was the administrative assistant for Murray at Honeywell for 20 or more years. We were quite the team and had a lot of mutual respect for one another. Murray's work ethic is one that cannot be beat. I am so very sorry for the loss of Murray and he'll always be remembered as a very hard working, kind and generous guy. RIP Murray my friend.*

“ *I was deeply saddened upon learning of Murray's passing! I grew up in North Mpls, living across the alley from Murray. I remember his parents very well.
May his memory be always for a blessing.*

“ My dad was a kind hearted and generous man. Dad was proud that he was a good provider and none of us ever went without. No matter what any of us got he never questioned it, it was always “use it in the best of health”. One day years ago I went out and bought myself a brand new Harley Davidson. When I came home with it I said “I put it on your credit card. His response was “ok, use it in the best of health!” Like he didn’t even hear what I said. Had I known it would have been that easy I would have gone out and bought myself a truck!!! RIP dad.
