Tribute Wall

“ *Jim Reinhart*

I lived across the street from Nancy for many years. So sad to hear that she has passed on. Truly one of the kindest people I will ever meet.

Let me tell you a story about how I will remember her. When her little dog was diagnosed with a terminal unknown disease, Nancy saw fit to take her dog to the UofM Veterinary Hospital Intensive Care Unit for its final days. Of all the things you can say about Nancy I never knew her to be financially secure. Yet she found a way to spend 3,000 dollars for million to one shot to save her little friend.

As I said "Truly one of the kindest people I will ever meet."
