“ *I think the memory that comes to my mind most about Nancy is that she always had a welcoming hello and smile whenever I talked with her. Because we live out of town (Florida), when we would come to Mn over the years, usually meeting at Jean and Dicks, we would most often get a chance to see Nancy. She always seemed to care for me and my family, even though we were somewhat not in the immediate family. I think because Jeannie is my sister, and I know how much she loved Jeannie, she just automatically accepted me, and my family with all the kids, and showed the same love and acceptance. Me and Tabitha want all of you to know that "The Blackowiaks" love Nancy, and furthermore, we love the Hermes family!*
