“ I knew Natalie from the YWCA. She and John almost always worked out together. Such a sweet couple. And they always biked, no matter how cold. She was an inspiration to me. I gave up on the splits until she told me it took her two years to do it. I will think of you every time I work on my splits, Natalie! Rest in peace.

“ On any given day I don't get out much and sometimes the people at the co-op are the only people I talk to in a day. Whenever I would shop Natalie and I would end up chatting for a while about cool clothes, boys etc. She was always one to smile if she saw me on a date. And she would always compliment me if I had on cool leggings. A compliment from NJ as I called her, was a bon bon. We had some great chats. I considered her a neighborhood friend and also one of the most remarkably positive and energetic people I've ever met. To hear of her passing fills my heart with great sadness and I will think of her positivity always.

“ I am so sorry to hear of Natalie's death. We met Natalie via the Wedge. She always took extra time to smile and playfully tease our baby; he looks for her every time he goes to the store. Natalie was so kind and we always appreciated the brightness and joy she brought to her work. Sending our condolences to Natalie's family and loved ones.

“ I met Natalie while working at the wedge coop. She always added something when I came back to shop there. When was such a happy bubbly person. I will miss our chats and always remember her when I see a hat with ears on it.

“ Natalie was my roommate along with Allison my freshman year of college. I was blessed to have the kindest roommates that first year. Natalie was always very kind, sweet and looking to make me feel as welcome as possible. I still have all the drawings she made me that year and all the post- it notes she would leave on my desk, saying the most simplest but kindest things "Have a great day! See you later". Natalie, you can never be replaced, but will always be remembered, you will forever be in my heart and all the fond memories of our dorm room will too. My heart goes out to your family, boy friend and all of your friends and co-workers, may they find peace in memories of happy times. -- Ana Zuniga

“ *Natalie Jo, you were the brightest light! As a daily customer over the past few years I always looked forward to seeing you. I'm happy to say I could call you a friend. Any encounter with you was uplifting, you always had a kind word and a smile, usually something funny to say and we could share a laugh. I loved your outfits, just part of your amazing personality that brought joy to everyone. Seeing you and Jonn fly around the neighborhood on bikes like superheroes was awesome! My heart goes out to Jonn and your family, your closest friends and co-workers, may they find peace in memories of happy times with you now. "To know you was to love you" Nat, anyone who did would agree, and I feel so blessed to be lucky enough to do both. You will be so missed, but forever close in our hearts ~Tim*

“ On my visit to The Wedge today, I inquired why so many of the staff were wearing bunny ears, leopard ears and the like.....Natalie's honor. Admittedly, I did not know Natalie by name but I did know and feel her fun loving, positive energy when I shopped at The Wedge. Many have said it more eloquently than myself. I will deeply miss Natalie's presence. My heart goes out to her family and partner.

“ I wasn't personal friends with Natalie but I am a shopper at The Wedge and when I heard she passed away, I was struck speechless and heartbroken. Being that I only knew her through the grocery store, it's pretty amazing she impacted my life in such a positive way. I always looked forward to seeing her and saying hello. She was always full of smiles. Natalie was a shining light. She was so magnetic and full of life and grace. I am so saddened that her light is no longer shining on this planet... This world has lost a beautiful person. I'm holding space in my heart for her family and partner.

“ I am so sorry to learn of Natalie's death. I am simply a constant shopper at the Wedge, who was always cheered by her presence. She was full of fun and interest and always extended herself to be helpful in a charming way. She had a way of relating to others, as if they were her best friend. If I, who only knew her while shopping, feels this is such a loss, I can only imagine how hard it must be for those close to her. My heartfelt condolences to her friends and family.

“ There are very few people I have met that were as kind, genuine, and thoughtful as Natalie. I worked at the Wedge for four years with her, and will always remember her bright spirit, positive attitude, incredible wardrobe, and her ability to always remember what you were up to.

While I never had the opportunity to know her well, her absence in the store and with the Wedge family is immediately felt. Natalie always offered to help me with my groceries so we had a minute to catch up.

My heart goes out to Natalie's family and partner, you are all in my thoughts.

“ *My sweet cousin, I don't even know where to begin quite honestly. I miss you. I miss you every minute, every hour, every second of everyday. I don't know why God chose you but he needed you more than we all did and it gives me a little bit of peacefulness knowing I'll see you again when I get to heaven.*

The memories we have are endless and the stories Oh the stories. You will forever be in my heart Nat. I love you. I miss you. Please watch over me and give me strength. And please, give grandpa a kiss for me up in heaven.

I cant express the sorrow I feel for you all.
I hope each day gets a little easier.
I know she is preparing a beautiful place in heaven for all of you.

“ The world lost a very, very good one in Natalie. As a former coworker of hers I remember her consistent ability to turn tough days into moments of laughter. This helped carry me through years of working a sometimes frustrating, but ultimately very communal job. Natalie has been a pillar of the Wedge's community for years & I feel for my former coworkers who are feeling her absence so vividly right now.

I'm wishing you her family the time to grieve, the strength to let yourselves feel deeply and the patience to know it takes time for any of this to become bearable or even feel real. I know how hard it is to have someone taken to you before it seems their time has come, and I know it can be all but impossible to feel anything but alone when confronting that, but I hope you never forget the overwhelmingly large number of lives she touched.

Memories I have of Natalie include always being greeted by her red-cheeked, wide-smiled face at the Wedge's bike racks, be it in her black snowsuit with the red stripe up the side in winter or sweaty in the summer swapping stories both angrily and comically of how many rude drivers had honked or yelled unnecessarily at us. I remember her calming me down when it felt like customers were totally inhumane to us; her ability to empathize even when she was going through her own stuff always impressed me. There aren't enough words for me to write how she'll be missed, what the world will be missing without her. RIP Natalie.

“ *Every time I do "So big" with babies I think of Natalie. She had those luscious baby rolls and was sitting in her mom's lap and we were all having her do "so big". She stayed completely serious but kept doing it over and over for us because we were enjoying it so much. Finally, she started getting tired and so was just raising one arm and looking at us like, "how long am I going to have to keep doing this?" Cutest thing- I've never forgotten it. She will stay in the memory of "so big" for me forever. Love sent to all of you.*
