“ *I would like to send prayers, healing, and love to all of Nicks family. I met Nick when I would hangout with Angie in high school. He was such a great man he was always there watching over us and his little sister. Just a kind gentle, fun, funny, just a loving teddy bear. I know he will be watching over his loved ones now with his mother. RIP Nick you are well Loved ❤️ -Catalina*

I have so many memories of Nick. Us Thompsons coming to Minneapolis for a visit & Nick & Ryan couldn't wait to get to the baseball card shop. And sometimes on our visits, we would all go to a Twins game. And who could forget going to the World Series games in 1991! How many games did Nick get to?! He LOVED the Twins! Then there's our family reunions...even though Nick was a quiet guy, he loved coming to the reunions. Our family reunion in the Black Hills, I had trivia sheets every morning at breakfast for everyone. One morning I was a little slow (forgetful?!) and Nick says, "where's the trivia sheets"??!! It was always a fun time with Nick around. Our family reunions won't be the same without you Nick. Eugene, Sam, Angie, Gina....keep the memories close. We love you all.

Remember the Good Times! God Bless

“ *Sincere Sympathy to Nick's Family. What a Guy. A Gentle Giant. He was very quiet but probably always thinking. Remember his little rescue dog that he dearly loved for a few years. He was so smart and probably knew lots more than he ever shared with us. He loved his Twins. Not sure if he enjoyed being here on the farm as a youngster but am sure he got to ride the 3-wheeler. He would be in the background watching all the activities and not saying much. He had friends/family that loved him dearly. And had a Good Life. The Angels Welcomed him Home on June 23rd. He joined his Mother and Grandparents in Heaven. Rest in Peace Dear Nick. Auntie Bernadette and Uncle Al.*

Bernadette,
I can assure you Nick never did anything he didnt want to do. He loved all the time with family and would plan with me what we thought we would do. We reminisced about family events and would just laugh and joke about the things we all did together. His quiet paying attention allowed him to know more stories that he would remind me of. He absolutely loved any adventure even if it was to the same spot many summers or nothing was going on except all of us where there. It didnt matter cause we always seem to make our own fun. He rarely miss a opportunity to be with family. If he had the time off it was on his schedule. We have a few people in the family that are quiet and paying attention to all the antics, those are who you ask questions to the next day for all the details of the night before. He did love being at the farm and learning about all that goes on.
