“ I will cherish seeing this young man recently! I wrote a note to Linda after the fact and shared with her just how awesome it was to see him and what a great young man he was!

He surprised me as he knew who I was, but man time had gotten away from me, so when I heard my name, I was like yes??? and he says, just simply Hey! It's me! Nic! Linda's son! I was so surprised he remembered me, and I hugged him and spent the next hour (yep-at a blackjack table) chatting and catching up on everyone! He told me about living up in Brainerd and that, yes, quite a distance from home, but he still got home ALOT and loved living up there and never minded the drive back to the cities. We talked about mom and dad (Jim and Linda), his brothers, and pretty much all of the Lucier's and he had so many awesome things to share and smiles the whole time! (And yes, he won too!!!!)

What a great young man he was! such a fun, loving demeanor and his love for everything and everyone was very apparent! We had a lot of laughs while reminiscing and he remembered quite a bit! Even from when he was little, which feels like only yesterday!

Jim and Linda and boys, my heart is with you all! You raised an amazing son, and no family should have to go through this! Please I pray you find some comfort in knowing that he has now met Laura, and Grandpa Jim is hugging him tightly as well as others who have gone on before.

I love you all so very much and send you all my love and support.
