“ *The Shawd family would like to send our sympathies to Cameron and the MacKay family. We've read the beautiful memories about your Mother in the paper and know that for the few that were shared publically, there are thousands more that you probably cherish and that will lift you through this difficult time. Our prayers are with you and we look forward to the time when Cameron is hanging out with our son Andrew and all their friends again in happier times.*

“ *Eden Prairie has lost a contagious smile. I have known Nina from the Flagship for many years. Whenever we ran into each other she had to know how my family was doing and update me on hers. Our last meeting just recently occurred at Walgreens where she was buying enough candy for 8 people. She explained it was for a road trip she and her daughter were taking to Kansas to visit her college. She was so excited you would have thought she was the college freshman. As usual after running into Nina I left smiling. My thoughts and prayers are with MacKay family. Chuck Holden*
