

## Noah Mark Johnson

March 16, 1997 - May 6, 2014

Johnson, Noah Mark age 17, passed away Tuesday, May 6, 2014 at Mpls Children's Hospital. Noah was born March 16, 1997 in Fridley, MN to Kevin and LuAnn (Aukes) Johnson. He was baptized and confirmed at Coon Rapids United Methodist Church, Noah was in the junior class at PACT Charter School in Ramsey, MN. Noah had the gift to make friends with everyone. Being with a friend was a high priority for Noah. It didn't matter if they were just talking at the McDonalds parking lot or bowling or fishing, he just needed to be part of the group. Before one day ended, he was making plans for the next. At home Noah could not just sit back and watch TV, there had to be something more going on, a game of Monopoly or Rummy 500. Noah had a tender heart - always giving mom and dad a hug goodnight. He would tell funny stories about his day and yell "I love you" several times before crawling into bed. When Kelsey was home for the weekend, Noah would have to find out what was going on with her and give his "little" sister advice. Noah had a quick smile that lit up his face, open arms for a hug, and a heart that loved and trusted others. He made us stronger in our faith and showed us unconditional love. We miss him so much and we will never forget him. Survived by parents, Kevin and Lu Ann; sister, Kelsey; grandmother, Thelma; and many aunts, uncles and cousins. Preceded in death by grandparents, Ray and Betty Aukes; grandfather, Earl A. Johnson; and aunts, Lori (Aukes) Giesking and Sheryl (Aukes) Wilbur. Interment Hillside Cemetery. Memorials preferred. Service Monday, May 12, 11 AM at Coon Rapids United Methodist

“ *In high school, Noah was one of the only people who truly taught me what it meant to be kind. He was always welcoming, caring, loving, and genuinely interested. I was really struggling with mental health before Noah died. He didn't know that I was suicidal but did know I had anxiety issues. I remember songs he showed me that he loved. We had math class together and he made the effort to get to know me, and I'm so glad he did. I am so proud to have known Noah and am excited to see him again one day. Thank you to his family for raising such a kind young man. His legacy lives on! I'm currently studying Public Health to be a Health Educator (sophomore year). My goal is to work with youth and young adults, especially those struggling with health and mental health issues. My little sister had multiple attempts after Noah's passing. He helped me know how to talk to my sister and to visit her when she was in an impatient clinic. I hope you will one day understand how much of an impact your son made, and is making.*
