“ I miss you so much mom. I don't know how I'm going to do this parenting thing without you. You were always the first person I called for advice about my kids.i still had alot of things to learn from you I've been staying strong but as the days get closer to say my final goodbye I'm starting to feel anxiety. Mom I'm not ready to say good bye. I love you so much I wish I could call you and ask you why you had to leave us. I don't know if I'll be OK without you but I promise I'm going to be the best mom you always knew I could be and I have you to Thank for that. I miss you and love you so much you are my inspiration

“ Mom, there is no one who can ever replace you. I miss you so much. It's only been a few days & it seems like it's been years. I catch myself dialing your number but soon remember you won't answer. I love you. Thank you for the wonderful bathroom songs. Eight days a week I love you.

“ I miss you so much! Everything you taught me is a memory. I will never forget you. You have taught me to be the independent person that I am today. Its not fair that you are gone but Thats me being selfish. I know that you were tired and now I have another angel watching over me to keep me going in this time of despair. I love you mom!
