“ After my mom died and my dad was living alone, I hired Orville to help him with his yard. Orville was so kind to my dad, doing extra things for him like cleaning the gutters. They would sit together and talk in the yard and I had to remind him to send me his bills. I was really sorry to hear of his passing. He was a familiar face in our NE neighborhood.

“ I miss Orville so much i think about him everyday he was like a dad to me. I've learned a lot of thing from him over the years. I learned about muscle cars classic rock his summer rotation everything. I will miss working him with during the summer spring fall and winter, he would always have a story about anything you ask him and he's always helping . He was always there for me whenever i needed him and i really did appreciate it. Thing will never be the same without him like the car shows we would go to or listening to the music we would listen to. I would be here forever if I explained everything he's done for me and all the memories we've had. I really miss you Orville and you will always be in my heart

“ I’m sad to hear of Orvilles passing . He was a friendly face in our neighborhood and we’d all been wondering if others in our Boom island neighborhood had seen him this spring. He mowed lawns and shoveled for many of us and we considered him a friend. He was a dependable, hardworking, kind and knowledgeable person. We’ll miss talking to him during the summer. Condolences to his family and friends, I know we mourn him.
