“ I met Pam many years ago as a patient of the Quello Clinic in Eden Prairie. She was always professional and efficient but more importantly, her friendly nature and quick laugh made me feel welcome. Her family and friends have lost an amazing person. Dick Hemsey, Cable, WI

“ I was blessed to meet Pam a year ago when I started working with Allina Clinics. The thing that comes to mind every time I think of Pam is her Laughter. She always seemed happy with life. I feel sad I will not get to hear her laughter. My thoughts and prayers to her family.

“ I truly believe that once you became friends with Pam, you were friends for life. We first met in 1973, we worked together in Northwood, we had so much fun working together, and getting off at 11pm on Friday, and driving all night to get to Minniapolis to spend the weekend with Ray. It was always such a good time, we did this many times over a couple of years, and then she decided to move down for good, but that never stopped our lifelong friendship, it didn't matter how much time passed by, we always got caught up with the latest news.

*Pam was sooo looking forward to retirement, counting the months until she could spend more time with Ray, she could hardly wait until her last day.*

*We were going to get together this winter in AZ, she was looking forward to spending the winter down there, she had plans, and now our Pam is gone way to soon from our lives. I hope the one month retirement she spent with Ray was a memorable one, and that she enjoyed every minute of it, she was glad that an alarm clock wouldn't have to wake her up anymore, and that she didn't have to plan to do things, she could just do it.*

*So long my old friend until we meet again, rest in beautiful peace knowing that you were loved by many, and will forever be remembered by all !!!*

*Love Susan*
