“ *Chele and Suzy...I was so sad to hear about your mom. As you know, I thought she was a force of nature at times. The amount of energy and the idea's/activities that she was involved with were incredible for just the average person. At times Pat seemed a little like a short little Superwoman with an oxygen tank. She could be a spitfire and I know she was a spitfire till the end. I am so thankful that I knew her and got to enjoy her vivacious nature... I can imagine she is already on some committee or board by now!!! ha! I know this will be a hard time for both of you and certainly know that I am thinking of you both as well as your families at this time... She was a special woman ~Sandi*

“ To PAT'S Family and Friends: Our deepest sympathy to all who knew and loved PAT. She will be truly missed and remembered well for her many contributions to our community. We knew her for many years when we were all involved in Bloomington and the many causes, organizations and activities that we cared so much about. PAT was very well known in our community and was respected for her hard work and strong convictions. She cared deeply about protecting human rights, especially the rights of women. She was an example for others by using her voice in the democratic process. Rest in peace, PAT. Breathe in the heavenly air that surrounds you. May you live forever in God's everlasting love.
