“ I have so many memories of my "big" brother..He was always there for me. The tree he accidentally mowed when it was just a sapling, is still growing strong and tall in our parents backyard. Amazing what band-aids can heal...I look out into the fields and still see us playing on the back hill and when it storms, Dad sending us out to get the cows!!
He always hated saying "good bye" and this time I also do...
Sending all my love Barb
