“ I am profoundly sad to hear of Paul's passing. He was a client, team partner, and more importantly became a friend through our work together. his energy and spirit always inspired me to do excellent work for our clients.

I will miss him calling me with urgency to be ready to go for the next project.

May his memory be eternal.

“ To have known Paul was a blessing. Paul was one of those rare individuals that instantly made you feel welcome and loved. Whenever I spoke with Paul, he ignited an energy of success and made you feel like everything was possible. Even if he was busy, he always made time for even a quick chat if you needed it. He always told me his door was open and he stood by it. Paul loved life and it showed. And to be able to experience the love and respect he had for his beautiful wife and family, was nothing short of humbling. I will forever cherish the things I have learned from Paul. And I will never forget spending Pendleton Roundup with Paul and Katy. It was a great day and one many of us will treasure. One man who touched the lives of millions.

“ Back in 1999, Paul worked with our office in Great Falls, Mt, Dr Mark F Ozog to get us started in the Lasik business. We partnered for a short time and learned so much from Paul and his associates, Paula Parker and others about marketing and patient care. Paul's energy and excitement in our little project was infectious and we are still doing surgery today. Our thoughts and prayers are with not only Katy and family but with the folks that worked with and for Paul he will be greatly missed. Truly a once in a lifetime person that we had the privilege of working with and enjoying.
