“ It was always nice to see Paul on the shop floor & talk about old cars. I can't hardly remember ever seeing him without a smile - he was that kind of uplifting person. He will be greatly missed. My condolences go out to his friends & family,

“ Paul and I met in 2007 in Afton MN. We were both playing in different bands and were scheduled to play a show together. When we met, we instantly hit it off and the rest was history.

Playing music was our passion in life. In our band Alation he would play bass and I was the vocalist. He also played guitar and was an audio engineer. He would spend endless time in our home studio making sure our music sounded as good as possible. From early on music was a huge part of his life.

Traveling was also something Paul greatly enjoyed. We went on many cruises and loved seeing the world together. We often joked about winning the lottery or retiring and living on a cruise ship.

Paul was a very giving person and enjoyed helping people. He choose to be a donor and is continuing to help people even after his life has ended.

He enjoyed sports especially hockey and enjoyed going to Wild games with his friends. He also enjoyed amusement parks and we would often get season passes to Valley Fair. We also enjoyed going to the State Fair almost every summer.

He was a very hard worker as a field service technician at Carl Zeiss and took pride in his work. He was very mechanical and could fix almost anything.

He owned a 1968 GTO and enjoyed classic cars. He had won several awards for his car in various shows.

He had a big heart and enjoyed spending time with his friends more than anything. He took good care of me in the decade we were together. He will be greatly missed by all who knew him.

Rest in peace Poochie. Your beebbs will always love you!

“ Paul and Angel came into my life about year and half ago. Moved to the neighborhood and saw them often at the bar. We had many great times over this last summer going to Troys cabin up north, bar hopping in NE Mpls for my birthday and karaoke at the Unofficial on Sunday's . I am very sad for all of our loss as he was a awesome/great guy! Hard worker, heart of gold. I miss you every day. Some day we will meet again my dear friend!

“ Paul quietly found his way into our hearts back around 1987. He was our backdoor neighbor and stole gently into our lives by knocking on the front door and asking my husband Abel if he could come out and play. We were hooked from that moment on and Paul played an important role in our household from that day forward. He was the official little brother that Abel never had and the official big brother to all three of our children. He taught us many lessons in kindness and unconditional love. Even when we moved all the way to Texas Paul remained a steadfast friend and member of our family. He spent that first summer in Texas with us and we had great adventures with him that summer - there was a hole in our family when he had to return to Minnesota in the fall for school. Little did he know how much he helped our family make a home there. Char and Mike - We can't thank you enough for graciously sharing Paul with us. We loved every visit, every call, and every note he shared with us. Upon Paul's passing there was only one song that came to mind for me - Paul - I know this wasn't your type of music but it so speaks to me of you - "In My Life" - The Beatles. I'll quote the last verse:

*Though I know I'll never lose affection
For people and things that went before
I know I'll often stop and think about them
In my life - I love you more
In my life - I love you more*

There are few angels that come in and out of our lives - Paul was a very special angel to us. May you rest in eternal peace - we shall meet again some day.
