“ *He was the toughest and the kindest person. When I interviewed for a tire position, with Paul, he asked me what do I do? I said I change tires. He said which ones....I said all of them, he said don't be a smart a@@. I told him I was experienced in all kinds and sizes. He hired me on the spot. I worked for Paul over 20 years. He was a mentor to me. I will truly miss him.*
