“ So sorry to learn of Pearl's passing, I extend my deepest sympathies to you, her family for this huge loss in your lives. Death robs us of those we love but death cannot rob us of the beautiful memories we make during life. Pearl was a faithful CND Associate, we met around 8 years ago through the Associate Program. we were blessed to share many visitations since that time and we had lots of meaningful telephone chats. She loved her family and asked me many times to offer prayers for her son whose health had failed and for her daughter who was far away, family meant lots to Pearl. Please be assured of our prayers for you asking God for courage and strength as you bear the weight of this heavy cross. blessings always,
Winnie Odo, Congregation of Notre Dame Associate
