

Peter Pemrick, Jr.

November 7, 1936 - February 14, 2025

Peter Pemrick Jr, of Chanhassen, died February 14, 2025.

He was born on November 7, 1936, to Peter and Catherine in Faribault, MN.

Pete was a person of principles and integrity. He met life's challenges with courage, grace, energy, wisdom and a remarkable intellect.

Upon discharge from the US Air Force, he attended MN State University - Mankato where he triple majored in Physics, Chemistry, and Math.

His passion for aviation led him to volunteer in the MN Civil Air Patrol flying search and rescue missions as well as teaching hundreds of cadets to fly.

He founded Quantum Controls, Inc. in 1988 and was still active in the operation.

Pete lived an ethical life defined by generosity, optimism, and resilience. He loved his family above all else and leaves a profound void in so many lives.

Peter is survived by his wife, Wendy, daughters Angie & Haley (Erick), sister Betty, grandchildren Amanda (Dave), Morgan (Sean), Megan, Ethan, Brooke, Lillian, Liam, and great-granddaughter Jane.

He was preceded in death by his parents, 4 siblings, and children, Pam and Todd.

Funeral services will be at 11am March 8 at Washburn-McReavy 7625 Mitchell Rd, Eden Prairie with visitation starting at 10 am.

A private interment will follow at Fort Snelling National Cemetery.

Memorials or donations may be made to Wings of the North or MN Civil Air Patrol.

“ My Uncle Pete where do I start? I came into your life when I was 9 months old. Up until I showed up you were the baby in the family. My first memory of you is when you got your first car, It was white and you spent a lot time outside polishing it. I had Strick orders to not touch it. Of course, being the stubborn kid, I had become; I took great joy in touching it as much as i could. you were sent to Japan in the Airforce and when you finally came home you brought me the most amazing gift. It was a beautiful little brocade suitcase box with a set of pajamas in it. decorated to match the box. Over the years it ended up in one of my aunt's houses where it stayed, and as an adult, she returned to me. My next memory is of you is when I came to visit you and showed me around the small business you had created and how proud you were of it. Your employees were very nice to me and I felt very special. I loved calling you at work and being ask who was calling and I could tell her your Neice. You also took me out to see your new house you had built on the lake and gave me a ride in your boat so I could see the beauty of it all. After those years when I started growing up and moving on ,but I finally came home to where I belonged. Where I family, something I had no ties with for years, and was greeted back by my Aunts and uncles. All of these people at one time or another was willing to help me, they took care of me and openly loved me. When my grandparents farm was sold you and my mother did not take the cash but opted instead to take a part of that land., When my mother passed away you helped with the cost of the expenses involved in that. True your word you kept yours and my mother's love of the land and yours, took that challenge and made sure beautiful trees were planted

When it took time for you and Aunt Wendy to sell the land you respected me by asking How I felt about it. I said yes of course. When you got an offer for it you consulted with me about it and we agreed with the price. My last conversation with you not too long ago will live with me for the rest of my life. You told me that you always felt like little sister to you. That statement took me back to that little girl trying to touch your white car and you getting mad when you caught me. I kind of lived in a void or feeling lost for

several days after finding out about you passing. There will never be another you I an still hear you calling me at work and wishing me a happy birthday. forever in my heart. Love you little sister Becci

“ Wendy, Haley, and Angie--

Pete will be missed but also remembered fondly. From working with him at Rotary functions to working at Quantum, Pete's legacy of greatness is in his hard work ethic, his generosity, his brilliant engineering, his sales skills, and his optimism. Be at peace knowing this and living it.
