“ We were shocked and saddened to hear of Phil's passing. A common friend called the day of Phil's service to see I was coming. We were out of state at the time and very disappointed we weren't able to attend. Phil and I spent quite a bit of time together leading up to and after the sale of his company. I enjoyed spending time with him, learning, listening to so many stories, and laughing. He left a lasting impact on the water/wastewater marketplace across the Upper Midwest. Just about everyone I meet has a "Phil Story" to share. My heart goes out to Phil's family - he spoke often of you all and was proud of each one of you. He'll be missed. Blessings ~
