Tribute Wall

“ I was a nursing classmate of Phyllis at Swedish School of Nursing, 1966-1969. She was a very kind, loving Christian classmate. I admired her for starting the nursing program in her early thirties! I greeted her last at one of our recent reunions that her daughter brought her to. God Bless her memory. Jan Holte Olson

“ Phyllis was the most wonderful Rainbow Teacher for the Missionette program for years at Praise Christian Center. The 4 year old children were learning about the solar system. Phyllis had a telescope on the floor so the children could look at the moon. They were all so excited that they could see it. I said that I want to look, too. The telescope was focused on the street light across the street 😊 it still makes me smile when I think of it ❤️
