Tribute Wall

“ I was just at Hillcrest today and heard about Phyllis's passing. I'm so very, very sorry for your loss, Gary, John, and family, and I can imagine how much you miss her. I'll miss her too! She was always one of my very favorite residents at Hillcrest and my visits there were that much brighter on days that I saw her. It meant especially a lot that she loved my music, and would often sing along with me. And John, I will forever remember and cherish your story of how she bought you the tickets for Led Zeppelin in the spring of '77, rather than have you miss school to get them! PRICELESS. God bless you all, and again, my heartfelt condolences.
