“ *Tommy & Family,*

I am sorry for your loss of your mother. Tom you can feel good to that you were there for her when she needed it! Also it was very wonderful of her to help with taking care of Tiffany for all those years! I met your mother and Father at my sister's home for Easter Dinner, she was such a pleasant and funny person. As I have read she was like everybody's second mother. This was a great gift she had to all.

Your mother will always be in your heart and the wonderful memories you remember will never leave you!

May you all feel comfort to know she is back with all of her family that have gone before her and some day you will be together again!

“ I wish to extend my deepest sympathies to the entire Paul family. I have many fond memories of Phyllis. I once told her how much I liked the Pecan Tassies that she made. In the blink of an eye, I had a freezer full of them. You see, if Phyllis knew that you liked something she gave it to you in mass quantities. Phyllis could always be counted on to cheer for the nursing home folks as they went by in the 4th of July parade in St. Anthony Park. I know she made them smile. After Chelsea was born, Phyllis came over everyday to help with meals and caring for little Mikki and newborn Chelsea. She made sure I was comfortable and had everything I needed while I recovered from my surgery. In my mind I can still hear her call, "Yoo Hoo!" I wish I would've had the chance to thank her again for her loving care. Phyllis will be forever missed and held close in my heart.

“ Dear Paul Family,
I would like you to know how grateful I am to have had your Mother as a friend. To me and others she was like a loving Mother. She spread her love to many people through her kind words and generous baking and cooking. The name Phyllis Paul is synonymous with her famous banana bread. Phyllis once told me love was her secret ingredient. Phyllis would enjoy talking about her sons, the grandchildren, the Twins and the Vikings. Take solace that you were given such a true lady for a Mother/Grandmother.

“ Phyllis, you were always like a second Mother to me and I am grateful and thankful for the kind way you treated me since I can remember. You and Billy invited me over on Xmas Eve a few years and it made me happy and proud to get my bottle of Jovan Musk. I love your laugh and I love you. Ill never forget calling and talking about only stuff we can talk about like SS drama and stuff and we laughed all the time. Two unforgettable conversations we had I'll never forget. One long ago when you laughed and cried for hours while I listened to you mourn over Billy, Jr. I stayed for hours just me and you. It was so sad. Now you have gone to a better place to be with all of your loved ones that left before you. Test in peace and tell them all I love and miss them. You will be missed by hundreds and hundreds of us left behind. I love you. Goodbye for now Phyllis.
Love always, Scott R.
