“ Colleen -

*Please know that you are and have been in my thoughts and prayers. I have so much respect for you for the way you took care of your mom near the end - it is such a difficult thing to do and takes a toll on you. But, you will have no regrets knowing you did everything that you could to make things easier for her.*

*I know how hard it is to reconcile the relief that you have in knowing that she is no longer suffering with the grief that you have in missing her presence. I promise it will become easier and the memories of the tough times will make you appreciate the good memories even more as time goes by.*

*I wish I were closer so that I could give you a big hug. Please let me know the next time you make it to SC. I would love to catch up.*

*Take things one day at a time.*

*Love you!!!*
