“ Ranger was my grandpa. He would do suduko with me. He made a box for Sugar and gave it to Devan. He was really outgoing, found a way to make us laugh, and happy to see us. He knew it was his time to go so he gave me a backpack and allowed Devan to choose something out of a drawer. He will dearly be missed by all and he will always be in my heart and is here in spirit.

“ Prayers for the family of Ranger. He was a very good friend of my husband Bob Worzella while working on the Soo Line in Stevens Point. They had many good times together and both had a very good work ethic. Now I am sure they will be talking about old times for awhile as they will be in heaven together.

“ The things I remember best about Dad is his sense of humor his work ethic and his ability to collect good friends. Supposedly retired, but he never stopped doing wood working projects for friends and family. When he realized his time was running short, he Diligently got his affairs organized to make things easier for family and continued to cheerfully make cremation urns for friends and family and only started taking pain pills the last month of his life.

The things I remember most about dad is his sense of humor, his work ethic and how many friends he always collected. Supposedly retired but stopped doing woodworking projects for friends and family. When he realized time was short he diligently got his affairs in order to ease stress for his family. He also cheerfully made urns for friends and family (And Devan's puppy) and didn't take pain pills until the last month of his life.
