Tribute Wall

AO

“ I remember Uncle Dick driving me home from our Grandparents place, over 150 miles out of his way to help my parents out. He let my family use his family pontoon boat so that we could take my handicapped mother out on the water. That was the kind of Man he was, the rare man with a heart of gold. Rest in Peace Uncle Dick, you have earned it.

Love, Alexandria Olwin

*My thoughts and prayers are with the family.
Dick's brother, Bill, was my neighbor in south Mpls. Thru Bill, I met many of the other siblings and enjoyed many good times with them and their families. Lots of laughter and cold beer!
