“ Had not seen Richard since the early 1960's when we both served on the New Hope planning commission. He was a great asset to that community. Long live the word "germane" since that was one of his favorites. My best to his family. Bert Click, Chico, California

“*Dave, Patti and Megan, I was saddened when I read in the paper that your father had passed. It has been years since I was a child playing at the Plufka household. Patti and Megan remember playing barbie dolls, building a fort in the snow bank, playing with the pinball machine and the birthday parties for Rob and Treve. Your parents created an environment that was fun for your friends to hang out. They always were happy and I remember your moms beautiful smile. These are the fond memories I have of them and of you. You are in my thoughts and prayers.*

“ I knew Dick through his service to Plymouth as a member of the Planning Commission. His service over the years provided Plymouth with landuse and planning guidance that helped create the community we have become. He was always direct, but fair, in his dealings with both the city staff and residents. He is missed but the planning "foot prints" he left in Plymouth are witness to his community service.

“ Dear Plufka Family: The Rileys send their condolences for the loss of your father. I am sorry to be out of town and unable to attend the services this evening, for I know that though there will be tears, there will also be smiles, laughter and many wonderful stories recounting the life your dad lived, the love he had for you three and your dear mom, and the circle of good deeds and good will he spread throughout Plymouth and much wider. Know that we are thinking of you and hope the many good memories bring comfort. Love from Us All.

“ *David, Patti and Megan, Your dad and mother were some of our favorite people to spend an evening with! Their love and respect for each other, their positive attitudes and their zest for life made them great role models for Craig and me. Although it is never easy to loose a loved one, especially a parent, we all know that they are together again, smiling down on all of us.*

“ We were so sorry to hear about Dick's passing. We have been friends since preschool. We both grew up on the west side of St Paul. There are many fond memories of staying at a cabin which his parents rented during the summer on the St. Croix River. We had so much fun together exploring around the area and picking fresh water cress. We will remember him in our thoughts and prayers as well as his family and friends.
