“ *Ah, Uncle Dick... where to begin. The long van rides up to Minot for a Summer vacation or their trips down to Clear Lake? Uncle Dick was always great when it came to witty jokes and just plain back yard fun. To me he always the fun uncle that let us get away with things that Aunt Mary would never approve of. If you were not close to him, you would think he was a "keep it to himself kind of guy". Thanks for the family ties. Love, Sandy .*

“ *I was an exchange student, living with Sheldon's family for couple months, back in 1981. Dick was a wonderful person! For his kindness, for his hospitality, for his humor, for he made me feel like home. He was so caring to his family. A great husband and a great father. He is now dancing with Lou up in Heaven and I am sure that they both are sending their Love to their family and all of us here in Earth. As they never met with my parents, I hope they 've got to meet each other in Heaven. I feel lucky that I 've met Dick and Lou. Love them forever and ever.*

“*Dick was the most caring and thoughtful colleague I had the pleasure of working with in all my teaching career. His stories and jokes always lightened the stress of the day. He was truly the most dedicated teacher I knew. Fred brooks*

“*I have only the fondest memories of Dr. Sheldon. Since I practically grew up in the halls and offices of the Ed. Psych department of Minot State, I got to spend a lot of time around him and his great sense of humor. My dad thought so highly of him, as did the rest of my family. We were family friends. To his family, I am very sorry for your loss. He was a wonderful, thoughtful, caring man. I feel fortunate to have known him.*
