“ Dick was a wonderful man who entertained the card club with jokes and stories over many years, He and his band played Jan and I wedding dance June 12, 1976 which was he and June's anniversary. I will never forget the weekend at Minnow Lake. I took my daughters and son fishing. I couldn't keep up with worms on their fishing poles and then taking sun fish off the line for them. In less than an hour they caught 35 sun fish. Dick than showed my son how to clean fish. So many great memories at the Wheeler cabin. RIP Dick.
