“ Growing up with you is something I will always remember. You and I did a-lot together as kids. The turtle catching, bike riding in the dump, almost drowning together when goofing around on the dock at Lake of The Isles, a jogger saved our lives. As we got into our teens we love to ride motorcycles, water ski, tubing then we met our significant others. Dorren, Rick Tom and I had a lot of good times with the summer activities of water Skiing, Jet skiing, Tom and Rick loved to do the saucer board.. We love the winters for snowmobiling and would rent a cabin at Crooked Lake resort with a wood burning stove. We would all wake up cold and say which one wants to stoke the fire. I will always remember those memories and the love I have for my brother. Rest in Peace till we meet again.
