“ *This leaves a hole in my heart--It is sad news indeed. Bob was always special to me-- because we were first cousins, born just one month and 6 days apart, and became great friends. (My dad, George, and his dad, Bill, were special brothers to each other.) We visited his family often in Wheaton as we were growing up. I especially remember a summer after Bob got his drivers license. We drove back and forth on the main street which was about 2 blocks long-*

When I was a teen I waitressed in a restaurant-drive in near my home. One Saturday I was assigned to the duty of peeling a 100# sack of potatoes for "real" french fries, (my age is showing) so I went in with curlers in my hair--no exposure to the public to worry about.....That day is the day he chose to make a surprise visit to the Twin Cities and he brought several of his friends for lunch, and asked for ME....could NOT have been more embarrassing for one red faced girl.

I wish to extend my sympathy to ALL Bob's family (late but sincere) It is sad that I could not meet you as I'm sure I would love you as he did.

“ My name is Dale Phillips, originally from Bloomington Minn and currently living in Orange County California. Bob and I served in the Army together in Stuttgart Germany and became very close friends. I was thinking of him and googled his name and was saddened to hear of his passing. We had so much fun and so many laughs and good times together over a few German beers. Bob had such a great sense of humor and was just a genuine person that I'll never forget. We talked about getting together after our service but it never happened. RIP Bob. Prost
