“ Rob was my best friend during Ordnance OBC at Aberdeen Proving Grounds, MD in 1987. We got to know each other over many hours driving to interesting places all over the Northeastern U.S. during the weekends. He had such a great sense of adventure and was truly a nice man. RIP, Rob. I miss you.

“ Only knew him for a short time, he loved ice cream and a good drink, had incredible stories from living a full life, and though our friendship was brief Robert will truly be missed. Thank you for your service, friendship, and opening our eyes to a wider world.

“ For a short time, I worked for Rob in 2021 at a FEMA office in Baton Rouge, Louisiana. I remember Rob was such a calm presence in the chaos of the disaster response. He helped me stay focused and remember to take care of myself while supporting the mission. He was also great to work with because he had an endless supply of stories to share. I even had the pleasure of join him for a karaoke night. I'm grateful that our paths briefly crossed and saddened to hear of his passing. Sending condolences to his friends and family.

“ I am so happy I was able to visit with Rob last week. I told him I was going to Kentucky and he was excited to open up his pictures and make some recommendations. When I heard Rob passed it made me even more motivated to check out one of his favorites for lunch: Mammy's.  
RIP Rob.

Snelling Officers Club for discussions about the military issues of the day. It was an honor to serve alongside Rob during our time in the Reserve Forces. Good man and he will be missed.
