“ *Danna, my brother (Craig Moorman) and I have been reminiscing about Bob and our father (Roy Moorman). Dad was an ace car mechanic, but when it came to anything electrical he would call on Bob. Craig and I can still see those 2 with their heads under the hood of a car at 2085 E California in St Paul. We are thinking of you. Darald and Patti*

“ Bob Erickson was a great friend and wonderful 3M colleague to my father, Ken Wolfe. But, he was more than that. I remember boating with his family on the St. Croix, when I was a little girl. He served as an important job reference for me, during both high school and college; and he helped ease the pain of my mother's loss, when he attended her memorial service in January, 2020. My dad and I are profoundly saddened at this tremendous loss; and are praying for comfort and peace of mind for the family.

“ A great man of God. A friendship going back many decades. One of the most pleasant Believer I have ever known. Treatment of others with the utmost respect and always engaging others as equal. A joy to be around and listen to. A supporter in prayer and gifts and kindness over the years and a great impacter for good in other's lives. Well done Good and Faithful One.

“ Bob was a longtime friend and colleague at 3M. During our years of working together, we had many enjoyable "arguments" over some of the circuit design issues we faced. Bob had an instinctive ability to diagnose a faulty circuit; I took more of a theoretical approach. We truly complemented each other in the workplace. I will miss him. My prayers to Danna and the family for strength and comfort.

“ So sad to learn of Bob's passing. He and I became very good friends following the family's move to St Paul from CA in the early 1960's. He was an electronic genius and created a numbering system for our church in Spencer, IA, which we used for many years. Praying for the family.

“ My heart breaks with and for you at the loss of our much-loved Bob. You are all in my thoughts & prayers. So many wonderful memories with Bob over the years. One that stands out for me is when he tried to teach me to water ski. I just couldn't get up on those skis. He was so kind and patient. He finally told me I had to quit and pulled me out of the river. I was exhausted. He didn't make me feel like a failure. He praised my efforts and gave me encouragement. He had a huge heart and will be greatly missed by everyone blessed to know him. He has made a difference for so many people and has left an amazing legacy. He raised 2 amazing kids. God bless you. Make him proud. Love you all so much.

“ *My heartfelt prayers go out to you, Danna, and your family. I remember having a lunch break at your home on McNight when you and I worked at 3M and your showing me how Bob made Bible Quiz Games in your basement. I thought that was so cool he would do that.*

My heartfelt condolences at losing Bob to this Pandemic.
