“ Bob was a high school class mate of mine. We talked about memories of Montgomery High School and our classmates. When he was ill I would encourage him with stories of how my brother-in-law had lived 14 years with cancer and didn't die from cancer. I just finished doing the Relay for Life cancer fundraiser and raised more money for cancer research. He told me stories about his dog and I told him stories about our rescue dog. I will contribute to our local animal rescue group in honor of Bob, as I know how much he loved his Boo.

“ Bob was a classmate of mine and we graduated in 1965 together. We did talk and email after he was ill and shared some great conversation of memories of fun with mutual friends. My brother Dana a yr younger also had some fond memories of high school days with Bob. I am now living in California but may donate to one of the many animal shelters near me in Palm Springs as I know how much he loved Boo
