“ *Dear Buzz, my second father!*

You made my year great when I lived in your family at Armour Terrace. I loved our late-night talks in the kitchen, before you had to leave for work and Leisha and I reluctantly had to go to bed. We solved everything from personal to global problems, I learned a lot about the US, and you were always interested in finding out more about Sweden and Europe. You also made sure that some of my dreams came through, e.g. going to different sports games like basketball, ice hockey, football...I think you enjoyed having an interested companion. Our trip out East was also so interesting, visiting Washington DC and the big Apple. But you also took us to the farm visiting Frank and Esther, and to Crane Lake to go fishing. So many good memories. It was also great when you visited us in Sweden, so curious about everything, so rewarding to take you around – you even loved the cray fish party! I had hoped to see you again, and for you to take me around to wherever I wanted to go, as you always did - not forgetting the perfect cheddar and English muffins. But I'm so grateful that you added so many wonderful things to my life and I will always remember you as my second dad. Rest in peace, lots of love to all of you in my American family from Nilla. ❤️
