“ I worked with Bob for eleven years at Pioneer Rim and Wheel and always enjoyed his friendly smile at our City Desk. He worked hard to find what the customers needed and get the orders delivered post haste. We shared a love of fishing and had great conversations about technique and time spent in the boat. Condolences to your family from Al and I.

“ Bob, you are gone too soon. You will be missed by many. I loved your stories and tales. You were my saving grace during the last few months of my military days. You gave me a reason to smile and keep on keeping on. I looked forward to those meetings and times when we were able to share lunch and laughs. Wish I would have had a chance now to see you and your band.

“ Bob and I were high school friends, and briefly in a band – long enough for us all to recognize the natural, dazzling talent he brought to his drum kit. He was a funny and big-hearted person, so I'm not surprised to see how much he meant to so many. It was an honor to know him. My sincere sympathies to his entire family.

“ Bobby.....we crossed paths from 1980 to 1989 working many of those years with our work desks next to each other. We both talked endless days about our passion of fishing. I hope you are drumming and wetting a line and setting a hook.....Bill
