“ Bobby and I went to Huffer Beauty College together. Bobby glued a quarter to the floor at the salon/school and we had a lot of laughs watching patrons trying to pick up that quarter! We went to Indy for New Years Eve and it was awesome. He would drive his moped to my house and we would hang out, he would spend the weekend at my house. He would love to rearrange the furniture, cook and do my makeup and pick out my clothes and we would go out dancing. He and I lost touch over time, but I will never forget Bobby. My daughter Ashley also remembers him. He was so fun. He loved to dance, he loved Prince I am so sorry to find out about Bobby's passing. It's New Years Eve 2019 and I was thinking about him and the times we had. I thought I would google him and this is what I discovered... so sad. Love and kisses to his mom Patti Lieber xoxoxo Respectfully,
