“ *My name is SparkPlug-I was given that name by the Rock himself!!! This is my memory of our great road trip to Michigan! I Rock picked Elizabeth, his daughter and myself late one night in the middle of the week, to take us skiing in Michigan! Of course Liz fell asleep with in the first half hour, so that left me alone in the front seat with the Rock. I swear we talked about everything under the sun and even came up with solutions to some of the crazy stuff going on in our world! lol Well, I must have impressed him because he told his daughter Elizabeth, "That SparkPlug can hold a conversation!" That is about the BEST nickname ever! I shall always remember that road trip Rock and see ya on the flip! Oh! I still dislike skiing, but thanks so much for the road trip!*
Always,
SparkPlug - Laura Ann Dosch-Ortiz

My father's strength and hard struggle was Bravery in the end. His Love for Marsha was one of the most beautiful qualities about him. He loved life and to travel. He was also a great lover of fishing and being by the water. He had a love for the beautiful outdoors. He lived his life on his terms. He choose to experience life and live it to the fullest. His heart was full of love for all of his family and who knew him. He had a capacity to help those on the road side of life. He will always be the greatest man I have ever known. Strength , Courage, Gorgeous, Funny, Happy, Hippy, Father, German, Russian man. He lives in me and will always be Loved and missed. I hope one day to only be as tough as nails as him. To forever make him proud to be his daughter. Thank you daddy for my life.
