“ I have known Rob since 1978. He had fought his way out of hell and was healing his heart and soul. He truly was the go-to guy for those who had been deep in the pit and were looking for a way out. He could be counted on to go anywhere, do anything, give everything he could, if it might save a guy's life. He slowly came around to giving himself that same kind of love more and more, bit by bit. Besides all that he was funny and full of energy! Go in peace, Rob. Thanks for caring about me. Love, Lanaya

I am so sorry I missed this. Rob was one of the guys who kept me going to open AA meetings as an Al-Anon. He truly was a wonderful human being. Sorry I couldn't be there in person I bet it was just a wonderful day.

“ I worked with Rob for a bunch of years back in the 90s. He was always a lively, fun guy to be around! If he didn't agree with you he'd say " How about you just have a nice hot cup of SHUT THE Bleep UP"!! LOL!!! He even stuck with our freindship after years and years and came up to my shop in Coon Rapids either to visit or have something done with his car. Godspeed Rob, you're going to be cracking them all up in heaven!!!
