“ I am so very sorry to read that Dr. Zwicky has died. His mom and dad were neighbors of my family on Nokomis Street many years ago. They gave me my very first pair of glasses back 60 year ago.....and for many years after that. I have lots of good memories of those years. I still share with my kids and grandkids how the Drs. Zwicky explained that someday there would be a plastic lens that would fit over the eye so we would not need to wear glasses. Interesting concept at the time. My oh my, how things have changed. I, however, still wear my glasses. Many blessings to the whole family. Sue Lange Kainz
